## Your Educators

**Gia Cordaro**

Licensed Esthetician

Gia's passion for skincare can be traced back to the days she spent growing up in her father's barber shop. It was a place where she learned the art of making people feel special and acknowledged along with building relationships and trust with clients .

After earning her BA in Fashion Merchandising and Marketing from the International Academy of Merchandising and Design, she headed directly over to Pivot Point International where she earned her esthetician license in 1999 while working as a makeup artist.

2000 is when her career in plastic surgery skincare esthetics excelled as an esthetician and she began educating and conducting trainings for industry professionals . Gia is certified in many laser technologies, multiple medical grade skin care lines and treatments .

Gia's goal is to get you excited about learning how to grow a successful skincare business

**Dani DuCharme**

Licensed Esthetician

Dani began her aesthetic career 15 years ago, after she graduated from Illinois State University with a bachelor's degree in business management. She struggled with acne as a teen. Dani's mom would take her to see an esthetician regularly along with being under the care of a dermatologist. She started to notice improvements in her skin, which led to her interest in aesthetics .

Dani continued her education and became a licensed esthetician . She is currently certified in many modalities including , phlebotomy, Sciton Laser, Skin Pen, HydraFacial MD, and CoolSculpting . She continues to expand her knowledge and learn new skills to improve her practice. Dani's goal is to educate patients on their skincare needs while providing quality care . She creates treatment plans to deliver exceptional results . Dani's enthusiasm for skincare is contagious . At the end of the day, she wants to make sure her patients are completely satisfied with their skin care treatments .

Dani is also very excited to teach and share her knowledge of esthetics with all of you!
