

FINANCIAL AID VERIFICATION

It is the responsibility of all students chosen for verification to submit the required verification documentation. Pivot Point **does not** award federal, Title IV aid, or permit the student from beginning classes until the verification process is complete.

On the rare occasion that a student is selected for verification **after** being awarded Title IV aid, the student will be subject to all the rules and requirements of verification as those applicants who were selected before being awarded.

If the student's federal Title IV aid eligibility changes because of corrections made through the verification process or by the students (online), the student will be responsible for any reduction to their Title IB aid.

Pivot Point will notify the student in writing, if any changes to his/her Title IV aid within 5 business days of the date the institution received the corrected ISIR. All Title IV aid changes will also be reflected on the student's payment plan.
